Recovery Resource Fair

University of Maine Machias

Reynolds Gym

(Open to the Public)

Recovery from Addiction is Possible!
The Recovery Resource Fair will provide an opportunity to learn about resources available to support people navigating the early stages of recovery, maintaining long-term recovery, as well as supporting families in recovery.

The WC Community Action Team is a small group of local volunteers working to create positive change in Washington County.

At this event, participants will:

- Discover the broad range of resources in Washington County, such as financial services, spiritual, employment assistance, health and wellness etc.
- Learn about the WC Community Action Team.
- Speak to treatment providers and community partners who can provide valuable tools.
- Discuss recovery supports. What does that mean and how is it helpful to those seeking recovery?
- Meet others who have been affected by addiction.
- Find out how you become a Healthy Acadia volunteer Recovery Coach or Project Hope Angel

For more info call: Terri Woodruff at 255-3741,
or email terri@healthyacadia.org
